

RX Exploration Inc. Announces US \$10 million Line of Credit from Hale Capital Partners

TORONTO, Nov. 9, 2011 /CNW/ - RX Exploration Inc. (the "Company" or "RXE") (TSX VENTURE: RXE) (OTCQX:RXEXF) announced today that its wholly-owned subsidiary Drumlummon Ltd. (the "Borrower") has entered into a senior secured line of credit facility agreement (the "Credit Agreement") with an affiliate of Hale Capital Partners, L.P., ("Hale") for up to US \$10 million. All amounts owing under the Credit Agreement are guaranteed by the Company.

Outstanding amounts under the Credit Agreement accrue interest at a fixed rate of 8.75% per annum with interest payable monthly in arrears starting the sixth month after the initial advance of funds. Amounts owing under the Credit Agreement may be prepaid in whole or in part without premium or penalty at any time and any remaining outstanding amounts are due on or before May 8, 2013. The Credit Agreement is secured by a first charge against all the properties and assets of the Borrower, the Company and certain of its subsidiaries. The closing, which is expected to take place before the end of the upcoming week, and the ability to make subsequent draws under the Credit Agreement are subject to certain standard conditions precedent and a standard one time closing fee.

The Credit Agreement will be used for working capital purposes and for additional expenditures of the Borrower, the Company and certain of its subsidiaries, and will assist in getting RXE's 100% owned Drumlummon Mine into commercial production in early to mid-2012.

Amounts owing under the Credit Agreement cannot be converted into equity or voting shares of RXE or its subsidiaries. No common shares, options or warrants of RXE were issued to Hale or any other person and no broker or placement fees were paid in connection with this transaction.

About RX Exploration Inc.

RXE is currently focused on re-starting production and exploring its Drumlummon Mine, a past producing high-grade, bonanza-type, epithermal underground gold and silver mine in Montana. RXE is a gold and silver mining company focused on growth in North America.

The Company's shares are listed on TSX-V (Symbol: RXE) and on the OTCQX (Symbol: RXEXF). There are 167,307,796 common shares issued and outstanding.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

Cautionary Statement Regarding Forward Looking Information

This press release contains "forward-looking information" within the meaning of applicable securities laws. Forward-looking information includes, but is not limited to, the Company's expectations, intentions, plans, and beliefs with respect to, among other things, the Drumlummon property. Often, but not always, forward-looking information can be identified by forward-looking words such as "anticipate", "believe", "expect", "goal", "plan", "intend", "estimate", "may", and "will" or similar words suggesting future outcomes, or other expectations, beliefs, plans, objectives, assumptions, intentions, or statements about future events or performance. Forward-looking information is based on the opinions and estimates of the Company as of the date such information is provided and is subject to known and unknown risks, uncertainties, and other factors that may cause the actual results, level of activity, performance, or achievements of the Company to be materially different from those expressed or implied by such forward looking information. This includes the ability to develop and operate the Drumlummon property, risks associated with the mining industry such as economic factors (including future commodity prices, currency fluctuations and energy prices), failure of plant, equipment, processes and transportation services to operate as anticipated, environmental risks, government regulation, actual results of current exploration activities, possible variations in ore grade or recovery rates, permitting timelines, capital expenditures, reclamation activities, social and political developments and other risks of the mining industry. Although RXE has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated, or intended. Readers are cautioned not to place undue reliance on such information. By its nature, forward-looking information involves numerous assumptions, inherent risks and uncertainties, both general and specific, that contribute to the possibility that the predictions, forecasts, and projections of various future events will not occur. The Company undertakes no obligation to update publicly or otherwise revise any forward-looking information whether as a result of new information, future events or other such factors which affect this information, except as required by law.
